## 1. What Are Cookies?

Cookies are small text files placed on your device by websites you visit. They are widely used to make websites work, remember your preferences, and provide information to site owners.

## 2. How We Use Cookies

Velvoite.eu uses cookies strictly to make the Service function correctly. We do not use cookies for advertising, tracking across third-party websites, or building individual user profiles.

We use Plausible Analytics for product analytics. Plausible is a privacy-first, cookieless analytics tool that does not set any cookies and does not collect personal data. It measures aggregate usage patterns (page views, feature adoption) using only anonymised, aggregated data. No consent is required for Plausible.

## 3. Cookies We Set

### 3.1 Strictly Necessary Cookies

These cookies are essential for the platform to function and cannot be disabled. They do not track you for marketing purposes and do not require your consent under the EU ePrivacy Directive.

Cookie Name	Provider	Type	Purpose	Duration
__stripe_mid	Stripe	Strictly Necessary	Fraud detection and prevention for payment processing	1 year
__stripe_sid	Stripe	Strictly Necessary	Fraud detection and session integrity for payment processing	30 minutes

session	Velvoite.eu	Strictly Necessary	Maintains your authenticated login session while using the platform	Session
---------	-------------	--------------------	---	---------

### 3.2 Analytics — No Cookies

We use Plausible Analytics to understand how users interact with the platform. Plausible does not use cookies and does not collect any personal data or personally identifiable information. All analytics data is aggregated and anonymised. No opt-in or cookie banner is required.

## 4. No Consent Banner Required

Because we use only strictly necessary functional cookies (Stripe fraud prevention) and a cookieless analytics tool (Plausible), we are not required to display a cookie consent banner under the EU ePrivacy Directive or GDPR. Strictly necessary cookies may be set without prior consent as they are essential to deliver the service you have requested.

## 5. Third-Party Cookies

The only third-party cookies set on our platform come from Stripe, our payment processor. Stripe sets these cookies solely for the purpose of fraud detection and payment security. Stripe does not use these cookies to track you for advertising purposes.

For more information on Stripe's data practices, see: [stripe.com/privacy](https://stripe.com/privacy)

## 6. Your Controls

You can control and delete cookies through your browser settings. Please note that disabling strictly necessary cookies will affect the functionality of the platform — in particular, payment processing may not work correctly if Stripe's fraud detection cookies are blocked.

Browser-specific instructions:

- Google Chrome: Settings > Privacy and security > Cookies and other site data
- Mozilla Firefox: Settings > Privacy & Security > Cookies and Site Data
- Safari: Preferences > Privacy > Manage Website Data
- Microsoft Edge: Settings > Cookies and site permissions

## 7. Changes to This Policy

We will update this Cookie Policy when we change the cookies used on the platform or when required by applicable law. The version number and effective date at the top of this document indicate when changes were last made. Continued use of the platform after updates constitutes acceptance of the revised policy.
